## Therapeutic cards workshop with Edna Dvir

Practitioners, teachers, counsellors, therapists, coaches, parents and adventure seekers, join us on a journey to experience and master a fascinating tool that will enhance your communication skills.

Therapeutic cards are suitable for adults and children for a wide variety of uses, from therapy and counselling to art creation, family play, and corporate team training. Working with them improves our capacity to listen, interact, and really hear each other without judgment or competitiveness.

### Edna Dvir

A Holistic Psychotherapist

She has worked with children and adults for over 25 years, and has been teaching ever since.

A BFRP - Bach Flower Registered Practitioner and Trainer.

Her workshops on therapeutic cards at the Bach centre in Oxfordshire are attended by practitioners, students and enthusiasts from all over the world.
